

### AFFIDAVIT

1. I, Steven E. Smith, am the Director of Materials Management, of the Riverside Medical Center which is located in Bradley, Illinois, and a Hospital/Health Care facility. Our activities have been ongoing for several years. Our request for licensing does not involve any scheme, program, or vehicle in which we are requesting licensing, directly or indirectly, for the primary purpose of investment and later resale of our operating license.
2. The Riverside Medical Center is eligible for licensing to operate stations for transmission of communications under 47 C.F.R. 90, Private Land Mobile Radio Service. The transmission of communications is necessary to our medical patient care activities and will be used exclusively for internal purposes in the conduct of our operations.
3. We have executed a purchase order for telecommunications equipment but are unable to accept delivery and complete installation because we are unable to obtain licensing for our transmission facilities as a result of a freeze imposed by the FCC on acceptance of new paging license applications.
4. Our inability to install and operate this equipment is causing or will cause substantial disruption and harm to our business for the following reasons:

Since the radio paging system is fully integrated with our new nurse call systems, the FCC freeze will severely compromise our patient care operations.

Before me this day personally appeared Steven E. Smith  
who, being duly sworn, deposes and says:

I DO SWEAR AND AFFIRM, that the above information and any attached documents are true and correct to the best of my knowledge.

## AFFIDAVIT

1. I, Sister Connie Marie, of the Felician Sisters Convent located in Chicago. Our activities have been ongoing for several years. Our request for licensing does not involve any scheme, program, or vehicle in which we are requesting licensing, directly or indirectly, for the primary purpose of investment and later resale of our operating license

2. The Felician Sisters Convent is eligible for licensing to operate stations for transmission of communications under 47 C.F.R. 90, Private Land Mobile Radio Service. The transmission of communications is necessary to our (manufacturing/industrial/land transportation/emergency medical/public safety/local government) activities and will be used exclusively for internal purposes in the conduct of our operations

3. We have executed a purchase order for telecommunications equipment but are unable to accept delivery and complete installation because we are unable to obtain licensing for our transmission facilities as a result of a freeze imposed by the FCC on acceptance of new paging license application

4. Our inability to install and operate this equipment is causing or will cause substantial disruption and harm to our business for the following reasons:

Since the radio paging system is fully integrated with our new nurse call systems, the FCC freeze will severely compromise our sisters care operations.

Before me this day personally appeared Sister Connie Marie Lewandowski who, being duly sworn, deposes and says:

I DO SWEAR AND AFFIRM, that the above information and any attached documents are true and correct to the best of my knowledge.

## AFFIDAVIT

1. I, Gregory P. Kuzmic, am the Senior Vice President, of Interstate Electronics Company which is located in Willowbrook, Illinois and a communications contractor. Our activities been ongoing for years. Our request for licensing does not involve any scheme, program, or vehicle in which we are requesting licensing, directly or indirectly, for the primary purpose of investment and later resale of our operating license.
2. The Interstate Electronics Company is eligible for licensing to operate stations for transmission of communications under 47 C.F.R. 90, Private Land Mobile Radio Service. The transmission of communications is necessary to our (manufacturing/industrial/land transportation/emergency medical/public safety/local government) activities and will be used exclusively for internal purposes in the conduct of our operations.
3. We have executed a purchase order for telecommunications equipment but are unable to accept delivery and complete installation because we are unable to obtain licensing for our transmission facilities as a result of a freeze imposed by the FCC on acceptance of new paging license applications.
4. Our inability to install and operate this equipment is causing or will cause substantial disruption and harm to our business for the following reasons:

Interstate Electronics Company is a leading Chicago area communications contractor. Our firm installs hundreds of on-site paging systems each year. Many of our customers rely on on-site paging for life safety, security, and communication and the FCC freeze could not only impact their operations, but the security and safety of their facilities.

Before me this day personally appeared GREGORY P. KUZMIC  
who, being duly sworn, deposes and says:

### AFFIDAVIT

1. I, David Beste, am the owner of Stone's Mobile Radio, Inc., which is located in Grand Forks, North Dakota and am involved in selling and servicing communications products and equipment. Our activities have been ongoing for many years. Our request for licensing does not involve any vehicle, program or vehicle in which we are requesting licensing, directly or indirectly, for the primary purpose of investment and later resale of our operating license.

2. Stone's Mobile Radio is eligible for licensing to operate stations for transmission for communications under 47 C.F.R. § 90.1, Private Land Mobile Radio Service. The transmission of communications is necessary to our industrial activities and will be used exclusively for internal purposes in the conduct of our operations.

3. We have on hand a purchase order for telecommunications equipment for the county of Pembina for local government 911 dispatch services, eligible under 47.176a. We are unable to complete the order and installation because our customer is unable to obtain licensing as a result of a freeze imposed by the FCC on acceptance of new paging license applications.

4. Our inability to install and operate this equipment is causing or will cause substantial disruption and harm to our business and to the County and it's citizens who need the paging services for 911 Emergency Services.

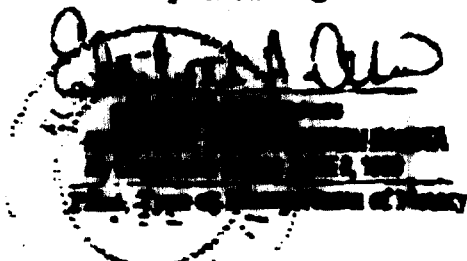

Before me this day personally appeared David Beste  
who, being duly sworn, deposed and signed:

I DO SWEAR AND AFFIRM, that the above information and any attached documents are true and correct to the best of my knowledge.
